

Distance Learning Program Plugin Installation Guide

If you have a Windows XP, Vista, or Windows 7 computer do the following before logging in for the first time:

1. Log in as the Administrator on the computer.
2. Put in the CD or download the installer at www.mdlp.org/tools.
3. Double-click on 'tools.exe' and run the installer.
4. When MDLP Tools opens, follow the steps by clicking on the forward arrows.
5. If you do not see the instructions when MDLP Tools is launched the first time, click on the Technical Support button in MDLP Tools and scroll down to Vista/Windows 7 security for the instructions (Windows XP users will go to www.mdlp.org/go).
6. Go through Student Orientation and Academic Integrity in MDLP Tools before logging in for the first time.

If you have a Macintosh computer do the following before logging in for the first time:

1. Log in as the Administrator on the computer.
2. Download the installer at www.mdlp.org/tools.
3. Open the 'mactools' folder and double-click on 'Tools Installer.'
4. **Tools Installer** - A yellow box will pop up. Click on the 'Install' button. The plugins will install in the Internet Plugins folder on the computer's hard drive.
5. Go through Student Orientation, Macintosh Help, and Academic Integrity in MDLP Tools before logging in for the first time.
6. For additional Macintosh topics click on Macintosh Help in MDLP Tools, or the link on the student page. This information can all be found at www.mdlp.org/mac.
